**INTERNATIONAL CONFERENCE ON
ADVANCEMENTS IN SCIENCE AND TECHNOLOGY
(ICAST)**

DATES: 27th and 28th March 2024

THEME

"ADVANCING INNOVATION FOR A PROGRESSIVE INDIA"

OBJECTIVES

The conference "Advancing Innovation for a Progressive India" showcases fresh ideas in technology, engineering, and science, illustrating their role in India's advancement. Discussions encompass improved machinery, intelligent computing, and innovative building materials. This gathering unites experts from diverse fields to exchange knowledge and collaborate on discoveries. Through this collaboration, we aim to strengthen communities and address societal challenges.

SCOPE

The scope of the conference "Advancing Innovation for a Progressive India" encompasses a wide range of topics in technology, engineering, and science. Discussions will revolve around recent advancements in indigenous technologies, mechanical engineering, digital technology, electrical and communication technology, civil engineering, nanotechnology, and basic and applied sciences. Topics include but are not limited to efficient machinery, sustainable infrastructure, cutting-edge developments in computing and AI, and novel nanomaterial's. The conference provides a platform for knowledge exchange and collaboration among researchers, engineers, and industry

AREAS

(But not limited to)

1. Indigenous Technologies for Viksit Bharat: Advancements and Applications
2. Recent advances in Mechanical Engineering
3. Recent advances in Computing and Information Technology
4. Recent advances in Electrical, Electronics and Communication Technology
5. Recent advances in Civil Engineering
6. Recent advances in Nanotechnology
7. Recent advances in Basic and Applied Sciences
