Subject: Appointment as Member of the Research and Intellectual Property Rights Cell

This is to inform you that you are hereby appointed as a Member of the Research and Intellectual Property Rights (IPR) Cell of Phaltan Education Society's College of Engineering, Phaltan, with immediate effect.

The objective of the IPR Cell is to promote a research-oriented atmosphere in the college by encouraging innovation, protecting intellectual property, and spreading awareness about patents, copyrights, and other related rights. The cell also aims to support faculty and students in publishing quality research and filing patents for their innovations.

As a member of this cell, your key responsibilities include:

1. Participating in the planning and implementation of IPR and research-related activities.
2. Encouraging faculty and students to undertake research and publish papers in reputed journals.
3. Assisting in the identification and documentation of innovative work for patent filing.
4. Organizing awareness programs, seminars, and workshops related to IPR, patents, and research methodology.
5. Supporting the development of policies and procedures for effective research and IPR management.
6. Providing guidance and mentorship to young researchers in research proposal writing and funding opportunities.

Your contribution to this committee will play a vital role in building a strong research culture in the institute. We appreciate your acceptance of this responsibility and look forward to your active involvement.
