Foreword:

I have great pleasure in publishing this edition of newsletter of College of Engineering, Phaltan. Phaltan Education Society's College of Engineering Phaltan commenced with a dream of holding the hands of students of rural area around Phaltan and making excellent quality education available to them at their doorsteps. Within a short span, it has risen to the position of being a prestigious Engineering College and it is a great exciting experience to see that in a barren land of 15 acres where once stillness and silence ruled now it is alive with life and buzz of activities that are definitely aimed to a noble end and purpose.

The infrastructure of our college is made available as per the rules of AICTE. Our dedicated faculties, well-furnished laboratories and professional culture in the campus provide education of advanced cutting edge technologies to create competent human resources to tackle the complex problems of modern era and good citizens for the better future of the country.

Women's Day Celebration

Internal Complaint Committee of College of Engineering, Phaltan & CREDAI Women Wing in association organized Expert Lecture on "Balance Between Health, Career and Social Life for Women" on the occasion of International Women's Day on 8th March, 2023. Dr. Sunita Umesh Nimbalkar, MBBS, Anesthesiologist, Phaltan was the Guest Speaker. Prof. Bhoite D. S gave Introductory Speech and Prof Inagle N.N. praposaed Vote of Thanks. Principal Prof. Dr.N. G. Narve Sir bestow best wishes to all women presents present there. Governing Council Member of Phaltan Education Society Mrs. Vasundhra Naik Nimbalkar graced the program with her presence. CREDAI Women Wing members and President Ms. Chanda Jadhav, Interior Designer, Phaltan played very significant role for the success of the programme.

Hemoglobin Checkup Camp

The main purpose of International Women's Day celebration is to encourage the women to recognize challenges, focus greater attention on women's health, rights and gender equality. For the same Internal Complaint Committee tried to focus on some common health issues of village women and took feedbacks about their lifestyle and health problems from ladies so that they can plan fruitful activities or camps for women from rural areas and the result was Hemoglobin Checkup Camp at Jinti, Bhilkati and Thakurki villages. The committee has planned activities like health check-up camp, women entrepreneurship development program and to make information available about different government schemes for women, women rights and provisions in Indian Constitution. It was inspirational celebration to encourage all women from these three villages.

CIVIL ENGINEERING DEPARTMENT

STUDENT DEVELOPMENT PROGRAM ON MSP Software

Department of Civil Engineering, of College of Engineering, Phaltan organized Student Development Program on Project Management by “MSP Software” from 27th March to 31st March, 2023 for Civil Engineering Students. Five days’ workshop was organized with the prior permission and guidance of honorable Principal of PES. COE, Phaltan Prof. Dr. N. G. Narve and the initiative and hard efforts of Head of Department Mrs. Bhoite D. S. Total 20 students attended this workshop. Microsoft Project is a very mature Project Management tool. MS Project was first released in 1984 and over the next 26 years Microsoft has listened to the increasing number of Project Managers adopting this tool, and added/enhanced a lot of features that are now vital for managing projects. Almost any chart the Project Manager can think of is now available in MS Project.

Felicitation of Guest Mr. B. T. Ade by Prof. Dr. N. G. Narve sir, Principal, PES's COE, Phaltan.

COMPUTER ENGINEERING DEPARTMENT

FIVE DAY WORKSHOP ON DATA SCIENCE USING PYTHON

Computer Engineering Department organised Student Development Program on Data Science Using Python from 17th March to 21st March, 2023. The main motive of this programme was to gain practical knowledge about Machine Learning. Total 50 students of Computer Department attended this workshop. Program started with Inauguration and felicitation of the guests. Prof. A. A. Hipparkar, HOD, Computer Engineering Department gave overview of the workshop and Prof. Ms .N.S. Mohite gave introduction about respected guest Mr. Aniket Thorave. Later, Prof. Dr. N. G. Narve Principal PES's COE, Phaltan, shared his thoughts about this workshop. Python is an open-source, interpreted, high-level language and provides a great approach to data science,

Machine learning, and research purposes. It is one of the best languages for data science to use for various applications & projects. When it comes to dealing with mathematical, statistical, and scientific functions, Python has great utility.

Felicitation of trainer Mr. Aniket Thorave by Prof. Dr. N. G. Narve , Principal, PES's COE, Phaltan.

E & TC ENGINEERING DEPARTMENT

ONE WEEK WORKSHOP ON MATLAB, SIMULINK AND IT'S APPLICATION

E&TC Engineering Department organised Student Development Program on Matlab, Simulink and It's Application from 31st March to 4th April, 2023. MATLAB is a proprietary multi-paradigm programming language and numeric computing environment developed by MathWorks. MATLAB allows matrix manipulations, plotting of functions and data, implementation of algorithms, creation of user interfaces, and interfacing with programs written in other languages. Simulink is a MATLAB-based graphical programming environment for modelling, simulating and analysing multi domain dynamical systems. Its primary interface is a graphical block diagramming tool and a customizable set of block libraries. The objective of this workshop is to become familiar with the main features of the MATLAB & Simulink integrated design environment and its user interfaces, to provide a working introduction to the Matlab technical computing environment and to use Matlab & Simulink in various applications.

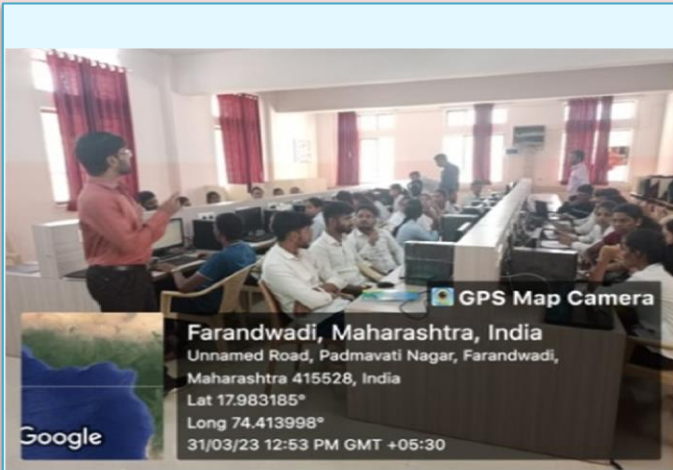

Felicitation of Mr. Vijay Murge, Course Instructor, by Prof. Dr. N. G. Narve , Principal , PES's COE, Phaltan.
